

FCADV

Florida Coalition Against Domestic Violence

You can help end domestic violence by donating to FCADV!

Contributions are tax deductible as allowed by law.

Home should be a place of love, refuge and acceptance – a sanctuary. In a home devastated by domestic violence, survivors and their children worry about their safety, security and wellbeing. Survivors worry about their future and what the future holds for their children.

You can make a difference in the lives of Florida’s domestic violence survivors and their children. You can make sure when survivors look to the future – they see an open door of hope!

A full 96% of FCADV’s budget is dedicated to services, training, education and technical assistance.
